

Module 4

WARRANTY CLAIMS

Cover warranty terms and conditions, warranty registration, teardown process, and laboratory testing.

COMPLETE ALL 4 MODULES

You will earn an Authorized Technician Certification, granting you access to incentives that will help you provide better service to your customers.

- ✓ You will be qualified to process Invotech compressor warranties.
- ✓ You will be authorized to replace an Invotech compressor without a prior warranty claim.
- ✓ You will receive promotional discounts through your authorized Invotech distributor.
- ✓ You will qualify for upcoming promotional and loyalty programs directly with Invotech México.

Loyalty Program

- Advertising, sales, promotions, and incentive programs.
- National Referral Program with Invotech México.
- You will be listed as a technical reference on our website.
- You will have direct access to our software and engineering department.

OBJECTIVES

- Warranty registration
- How to submit a warranty registration
- Self-diagnosis
- INVOTECH process for evaluating warranty claims
- Warranty approval and rejection
- Teardown / Laboratory testing

TOPICS

These are the other modules of the INVOTECH Technical Training Program:

Module 1

Review the concept of scroll compressors, INVOTECH technologies, and an introduction to the compressor line and applications.

Module 2

Review and cover best practices – "Installation and Practical Operations."

Module 3

Explore the best tools and concepts for executing – "Troubleshooting and Field Failure Diagnosis."

THIS TRAINING WILL BE CONDUCTED ONLINE WITH AN ESTIMATED DURATION OF 75 MINUTES.

 10222 Bent Oak Dr., Houston, TX 77040
